Date: January 16, 1976
To: Charles McCann
From: Third World Coalition Board
Concern: Ex-Officio Member on the Board of Trustees

Concerning the issue of the ex-officio member on the Board of Trustees, the Coalition Board has met and continues to support the position that our membership on the Board be autonomous. Given this, the Coalition Board requests that the Board of Trustees and yourself acknowledge our membership as autonomous. If this request cannot be acknowledged, then we will withdraw from this matter and in no way will support the decision made by the Board in their December 11th meeting.
