## GUEST SPEAKER

Matt Groening '77 is the internationally renowned cartoonist and creator of *The Simpsons*, *Futurama* and the syndicated cartoon strip, *Life in Hell*. Currently celebrating its tenth anniversary, *The Simpsons* is the longest running prime time show on television. *Futurama*, launched in spring 1999, is in production on its second season of 22 episodes.

While a student at Evergreen, Groening wrote short stories, studied philosophy and edited the *Cooper Point Journal*. After graduation, Groening moved to Los Angeles where he created the comic series, *Life in Hell*. In 1985, Groening met with James L. Brooks, producer of *The Tracey Ullman Show*, about creating animation between skits on the hit comedy series. *The Simpsons* premiered as a two-minute piece in September 1987. Groening's animated series has won 15 Emmys, a Peabody Award and numerous other awards and accolades.

As publisher of Bongo Comics, Groening has created several comic books. He has two special comic series to his credit: *Lisa Comics* and *Krusty Comics*. In addition, Groening has written a number of books, including *Bart's Guide to Life*, *Making Faces with the Simpsons* and *The Simpsons Family Album*.

## CEREMONIAL MACE

Originally a weapon used in medieval warfare by a king or great noble, the mace has become a symbol used on ceremonial occasions. As an academic device, the mace goes back to 16th-century England, when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. Since that time, it has become increasingly the custom for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The Evergreen State College mace is a gift from the late Byron Youtz, former Academic Vice President and Provost, who donated the materials, and faculty member Earle McNeil, who gave his time and talent to its creation.

The shape of the cap is suggestive of a crown and represents the principle of knowledge and experience. To remind us that such an integration is a carefully balanced blend of diverse aspects of human nature, there are four inlaid circles symbolizing four major ways of experiencing the world—thinking, feeling, intuiting and sensing—and four main characteristics of the human mind—wisdom, innocence, introspection and illumination.

## THE COLLEGE MEDALLION

Medallions are traditionally worn by presidents and chancellors at ceremonial occasions. The medallion designed for Charles McCann for his inauguration in 1972 was given by Dr. McCann to the Library Archives.

The college's second medallion (which President Jervis wears today) was designed for her inauguration in September 1994 by Spokane artist Joyce Attwood. It is fabricated of moonstone (from Nepal), paua shell (from New Zealand), turquoise, silver, copper, brass, gold and acrylic and is suspended on a 30-inch chain (from Thailand). The medallion design shows an evergreen tree with Mount Rainier and the sea in the background. It is an interpretation of the Evergreen logo, designed in 1973 by Connie Hubbard, the college's first graphic artist. In 1983, the Board of Trustees approved the "tree" as the official college emblem and it was registered with the Secretary of State as Evergreen's logo.

## ACADEMIC COSTUMES

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar, whether student or teacher, was the dress of a cleric. Long gowns and hoods were worn and may have been necessary for warmth in unheated buildings. Today, many institutions choose distinctively colored gowns. The design of the sleeve indicates the level of the degree earned by the wearer. Hoods have both the colors of the institution and a band indicating the academic discipline in which the degree was earned.

## GEODUC FIGHT SONG

Omnia Extares, Omnia Extares  
Alma Mater, Evergreen  
Omnia Extares

1. Go, Geoducs go,  
Through the mud and the sand,  
let's go.  
Siphon high, squirt it out,  
swivel all about,  
let it all hang out.
2. Go, Geoducs go,  
Stretch your neck when the tide  
is low,  
Siphon high, squirt it out,  
swivel all about,  
let it all hang out.
