for immediate release

A Contemporary Stained Glass Exhibit, featuring sculptures and panels made by artists from the Pacific Northwest and California, will be displayed in The Evergreen State College Art Gallery --- second floor reference area of the Library Building --- from March 4 to 23.

The exhibit, sponsored by the Evergreen Visual Environment Group, will be open to the public free of charge and may be viewed during regular library operating hours --- 8 a.m. to 10 p.m. week days; 10 a.m. to 5 p.m. Saturdays; and 1 to 8 p.m. Sundays.

Exhibit items were chosen by a jury which viewed photographic slides submitted by various glass artists wishing to participate in the show. Slides of artistic works not available for placement in the exhibit also will be on display.

Works in the exhibit will represent a wide variety of contemporary styles and techniques and will include stained glass panels up to 12 square feet in size and stained glass sculptures of not more than nine cubic feet.

A free public lecture and photographic slide show by stained glass artist Ed Carpenter of Portland will coincide with the opening of the exhibit on March 4. The one and a half hour program --- scheduled to begin at 2 p.m. in Lecture Hall Three at Evergreen --- will feature a presentation about stained glass works viewed by Carpenter on a recent tour through Europe.
