A \$3,700 grant for student financial aid has been awarded to the Evergreen State College ACTION program by the United Presbyterian Church Board of Christian Education.

The award was granted to six Evergreen students who are participating in a community research project on the Nisqually Reservation, according to Peggy Dycus, coordinator of the Evergreen-ACTION project.

"This is the third award the project has received from a church group and it will enable these students to stay in school and continue working on the project," Ms. Dycus said.

Sponsored by the Evergreen Office of Cooperative Education, the project involves a total of ten students who are completing year-long internships on the Nisqually and Squaxin reservations. Additional funds are needed to continue the work and persons interested in contributing to the program can contract Ms. Dycus through the Office of Cooperative Education.
