2008 CLASS DONATION

Proceeds from the sale of graduation announcements and graduation T-shirts
provide funding for the class donation. The 2008 Graduating Class chose to donate this
year's proceeds to SafePlace, a shelter in Olympia for women and children.

2008 CLASS THEME
"We cannot solve our problems with the same thinking we used when we created them."
(Albert Einstein)

GUEST SPEAKER
A sociologist, historian and professor who taught race relations for 20 years at the
University of Vermont, James Loewen co-authored, *Mississippi: Conflict and Change*,
which won the Lillian Smith Award for Best Southern Nonfiction, but was not approved
for use in the Mississippi school system because it was considered too controversial and
placed too much focus on racial issues. This led to the lawsuit, *Loewen v. Turnipseed*,
which was considered by the American Library Association to be a historic First Amend-
ment case, and one of the foundations of our "right to read freely."

Loewen's book, *Lies My Teacher Told Me: Everything Your High School History
Textbook Got Wrong*, is based on his two-year study at the Smithsonian Institution of
twelve American history textbooks. The book focuses on alleged errors or deliberate
omissions in history textbooks but also on the lack of controversy that he claims would
make learning history exciting. The book sold 800,000 copies and continues to inspire
teachers to encourage students to challenge – rather than memorize – their textbooks.

PROCESSIONAL MUSIC
Provided by Samba Olywa, South Puget Sound's community
samba band and dance troupe.

CEREMONIAL MACE

Originally a weapon used in medieval warfare by a king or great noble, the mace has become a symbol used on ceremonial occasions. As an academic device, the mace goes back to 16th-century England, when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. Since that time, it has increasingly become the custom for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The Evergreen State College mace is a gift from the late Byron Youtz, former Academic Vice President and Provost, who donated the materials, and Faculty Member Emeritus Earle McNeil, who gave his time and talent to its creation.

The shape of the cap is suggestive of a crown and represents the principle of knowledge and experience. To remind us that such an integration is a carefully balanced blend of diverse aspects of human nature, there are four inlaid circles symbolizing four major ways of experiencing the world—thinking, feeling, intuiting and sensing—and four main characteristics of the human mind—wisdom, innocence, introspection and illumination.

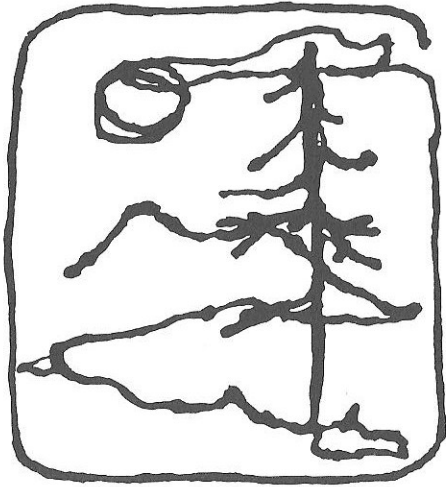

THE COLLEGE MEDALLION

Medallions are traditionally worn by presidents and chancellors at ceremonial occasions. The medallion designed for Charles McCann for his inauguration in 1972 was given by Dr. McCann to the Library Archives.

The college's second medallion (which President Purce wears today) was designed in September 1994 by Spokane artist Joyce Attwood. It is fabricated of moonstone (from Nepal), paua shell (from New Zealand), turquoise, silver, copper, brass, gold and acrylic and is suspended on a 30-inch chain (from Thailand). The medallion design shows an evergreen tree with Mount Rainier and the sea in the background. It is an interpretation of the Evergreen logo, designed in 1973 by Connie Hubbard, the college's first graphic artist. In 1983, the Board of Trustees approved the "tree" as the official college emblem and it was registered with the Secretary of State as Evergreen's logo.

ACADEMIC COSTUMES

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar, whether student or teacher, was the dress of a cleric. Long gowns and hoods were worn and may have been necessary for warmth in unheated buildings. Today, many institutions choose distinctively colored gowns. The design of the sleeve indicates the level of the degree earned by the wearer. Hoods have both the colors of the institution and a band indicating the academic discipline in which the degree was earned.

GEODUC FIGHT SONG

1. Go, Geoducs go,
Through the mud and the sand,
let's go.
Siphon high, squirt it out,
swivel all about,
let it all hang out.
2. Go, Geoducs go,
Stretch your neck when the tide
is low,
Siphon high, squirt it out,
swivel all about,
let it all hang out.
