The Evergreen State College Ceremonial Mace

Originally a weapon of offense used in medieval warfare by a king or great noble, the mace has been refined into a symbolic device, used on ceremonial occasions. As an academic device, the mace goes back to 16th-century England, when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. King Charles I made a similar gift to Cambridge University in 1625. Since that time, it has become increasingly the custom for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The Evergreen State College ceremonial mace was carried at the head of the commencement procession for the first time during the 1982 graduation. The mace is rich in symbolism. Beginning with a square core of eastern maple, narrow strips of laminated maple and walnut are attached to the core in a cross design. At the open corners, bubinga, a wood red in color and rich in grain, is inserted. The resulting three-foot column was lathed round and represents the tree of life. Nine grooves inlaid with copper denote the nine levels of life from animal spirit to enlightenment. The copper bands suggest the bonding forces of life.

The cap of the mace was turned from a single block of locally grown black walnut. The shape is suggestive of a crown and represents the principal integration of knowledge and experience. To remind us that such an integration is a carefully balanced blend of diverse aspects of human nature, there are inlaid four circles symbolizing the four major ways of experiencing the world: thinking, feeling, intuiting and sensing, and the four main characteristics of the human mind: wisdom, innocence, introspection, and illumination.

Incorporated into this crown is a unique feature: the center is hollow and has in it a sealed vial. It is intended that each year the graduation planning committee will have written one page, to be microfilmed and placed in the vial. Each year the committee will examine the document placed in the mace for the class 10 years before and include in the ceremony some short reflection on that piece. The intention is that the mace be part of a living event that connects us to our past, demonstrates our belief and faith in our future and maintains a connection between the two.

The Evergreen State College mace is a gift from the late Byron Youtz, former Academic Vice President and Provost, who donated the materials, and faculty member Earle McNeil, who gave his time and talent to its creation.

Alma Mater Geoduc Fight Song

Omnia Extares, Omnia Extares
Alma Mater, Evergreen Omnia Extares

Go, Geoducs go,
Through the mud and the sand, let's go.
Siphon high, squirt it out,
Swivel all about,
Let it all hang out.

Go, Geoducs go,
Stretch your neck when the tide is low.
Siphon high, squirt it out,
Swivel all about,
Let it all hang out.
