RECEPTION

Students, their families and friends are cordially invited to attend the reception honoring the graduates in the Daniel J. Evans Library lobby immediately following the commencement ceremony. Music and dance provided by RUMBA SALSERA, The Salsa Dance Troupe.

2001 CLASS GIFT

The class will donate the proceeds of the gift to Safeplace,
a shelter for women and children in Olympia.

2001 CLASS THEME

"Liberation through Education"

GUEST SPEAKER

As a writer, Ken Kesey is most widely known for his first novel, *One Flew over the Cuckoo's Nest*, published in 1962. Two years later, he led a group of Merry Pranksters on a cross-country road trip to New York for the publication party for his second novel, *Sometimes a Great Notion*.

Through Tom Wolfe's popular chronicle of the three-month escapade, *The Electric Kool-Aid Acid Test*, Kesey was transformed into a countercultural hero of mythic proportion.

Kesey was born in La Junta, Colo., on Sept. 17, 1935. After graduating from the University of Oregon, he was awarded a Woodrow Wilson Fellowship and enrolled in the creative writing program at Stanford University. While there, Kesey volunteered at the local VA hospital, which led to a job as a psychiatric aide on the night shift. This experience inspired Kesey to write *One Flew over the Cuckoo's Nest*.

The novel, which received instant critical acclaim, has sold millions of copies worldwide. It has been translated into a dozen languages and successfully adapted for the screen. *Cuckoo's Nest* has become standard reading for many psychology courses.

Kesey is currently working on digital video reconstructions of the Merry Pranksters' original trip, shot on film in 1964. Kesey's production company, Intrepidtrips, has already sold 6,000 copies of Episode 1, "Journey to the East." Episode 2, "North to Madhattan," was recently released.

CELTIC MUSIC PROVIDED BY THE COLUMBIA STREET SEISIUN BAND

The program will last approximately three hours.

Hearing assisted devices are available; please see an usher.
Computer-assisted real-time translation (captioning) of the commencement ceremony is being provided in Lecture Hall 1 and other posted locations.

Seating is available for individuals with disabilities.

We ask all those attending to please refrain from smoking during the ceremony.

We request that family and friends of graduates refrain from taking pictures in the roped-off section in front of the stage.

Key administrators will be available for photographs at the reception immediately following the ceremony.

We ask the audience to remain seated until the Recessional has concluded.

CEREMONIAL MACE

Originally a weapon used in medieval warfare by a king or great noble, the mace has become a symbol used on ceremonial occasions. As an academic device, the mace goes back to 16th-century England, when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. Since that time, it has become increasingly the custom for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The Evergreen State College mace is a gift from the late Byron Youtz, former Academic Vice President and Provost, who donated the materials, and faculty member Earle McNeil, who gave his time and talent to its creation.

The shape of the cap is suggestive of a crown and represents the principle of knowledge and experience. To remind us that such an integration is a carefully balanced blend of diverse aspects of human nature, there are four inlaid circles symbolizing four major ways of experiencing the world—thinking, feeling, intuiting and sensing—and four main characteristics of the human mind—wisdom, innocence, introspection and illumination.

THE COLLEGE MEDALLION

Medallions are traditionally worn by presidents and chancellors at ceremonial occasions. The medallion designed for Charles McCann for his inauguration in 1972 was given by Dr. McCann to the Library Archives.

The college's second medallion (which President Purce wears today) was designed in September 1994 by Spokane artist Joyce Attwood. It is fabricated of moonstone (from Nepal), paua shell (from New Zealand), turquoise, silver, copper, brass, gold and acrylic and is suspended on a 30-inch chain (from Thailand). The medallion design shows an evergreen tree with Mount Rainier and the sea in the background. It is an interpretation of the Evergreen logo, designed in 1973 by Connie Hubbard, the college's first graphic artist. In 1983, the Board of Trustees approved the "tree" as the official college emblem and it was registered with the Secretary of State as Evergreen's logo.

ACADEMIC COSTUMES

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar, whether student or teacher, was the dress of a cleric. Long gowns and hoods were worn and may have been necessary for warmth in unheated buildings. Today, many institutions choose distinctively colored gowns. The design of the sleeve indicates the level of the degree earned by the wearer. Hoods have both the colors of the institution and a band indicating the academic discipline in which the degree was earned.

GEODUC FIGHT SONG

1. Go, Geoducs go,
Through the mud and the sand,
let's go.
Siphon high, squirt it out,
swivel all about,
let it all hang out.
2. Go, Geoducs go,
Stretch your neck when the tide
is low,
Siphon high, squirt it out,
swivel all about,
let it all hang out.
