CURRICULUM ADVISORY FAIR-JANUARY 19-21

On January 19-21, a curriculum advisory fair is being scheduled on campus. The purpose of this fair, planned by the Short-Range Curriculum DTF, is to get information from students as to what they would like to see being offered in the 1976-77 curriculum, and to give specific criticisms on proposals submitted for next year.

It is of grave importance that Third World students participate in this event so that your educational needs will be met next year. Three proposals have been submitted by the Coalition which need your support. They are:

Basic Coordinated Studies

Myth and Reality: Politics, History, Economics and the Development of the 1st, 2nd, 3rd, and 4th Worlds

Group Contracts

Community Organizing and Development

Early Childhood Development and Alternative Education: A Third World Perspective

Please plan to attend

MONDAY-January 19-11am to 1pm in Library Building, 2nd and 3rd floor

TUESDAY-January 20-11 am to 1pm in Library Building, 2nd and 3rd floor

WEDNESDAY-January 21-12 noon to 3 pm in Library Building, 2nd and 3rd floor

WON-KYUNG CHO-JANUARY 23-24

Won-Kyung Cho, a Korean artist from New York, will be on campus Friday and Saturday, January 23-24. He will be doing a series of lectures on music, poetry and drama, and two recitals. (in drama and dance) For further information, contact Robin West in the Asian Coalition. This event should prove to be exciting, enriching and a lot of fun.

LONG RANGE CURRICULUM PLANNING DTF

Plans are on the way to develop a Long Range Curriculum Planning DTF. It is important to us that we have Third World representation on this DTF. People interested in participating should submit their names to Ed Kormandy, Vice President and Provost in L-3131.

RE-ORGANIZATION PROPOSAL

Discussions have been going on about reorganizing the administrative structure of the college for better student access. The problem of student access here at Evergreen is mammoth and moves are being planned to deal with it. For further information, contact President McCann, L-3109.

Volume I Number 4

January 9, 1976

The Coalition would like to take this opportunity to welcome all the Sisters and Brothers back to campus from the holidays and wish you a very healthy and happy new year. 1976 should prove to be a very interesting year for Third World People.

Board of Trustees Ex-Officio Member

On December 11, 1975, the Board of Trustees met and decided on the issue of ex-officio members to the Board. The Coalition in May, 1975 requested to the Board and McCann to seat a member of the Third World Community at the Board of Trustees table. The Board and McCann, changing the language of the request voted in June 1975 to act on the request. The change in language of the request denied autonomous membership to the Board. At the December 11th meeting the Board refused to acknowledge Third World membership as autonomous under the justification of "no special interest group" shall be represented on the Board.

As it stands now, the Coalition Board will be deciding whether or not membership to the Board will be pursued any further.
