GUEST SPEAKER

As an award-winning author, Derrick Jensen has shared his multi-dimensional teachings
about the nature of injustice — of what civilizations do to the natural world and how
civilized human beings create intricate systems of denial, silence, abnegation, deception and
self-hatred in order to keep the consequences of such injustice at bay.

Jensen's *The Culture of Make Believe*, was one of two finalists for the Columbia School of
Journalism's 2003 J. Anthony Lukas Book Prize. Columbia cited the book as "a passionate
and provocative meditation on the nexus of racism, genocide, environmental destruction
and corporate malfeasance, where civilization meets its discontents." His acclaimed book,
A Language Older Than Words, has been said to accomplish the rare feat of breaking and
mending the reader's heart while also energizing the mind.

Jensen has taken his education and activism to incredible heights. He serves as associate
editor for *Transitions* magazine, is co-founder of the Railroads and Clearcuts Campaign and
sits on advisory boards for the Del Norte Association for Cultural Awareness and the Native
Forest Network. He also is a member of the drafting committee for the articulation of a new
food production ethic, sponsored by the Center for Respect of Life and Environment.

Derrick Jensen's presentations are said to feel a bit like traveling beneath the earth among
tree roots as they twist their way into soil, rock and river beds in order to accompany fish,
insects, discarded tires, cellophane wrappers, animal minds, history, and human instinct on
an insightful and interlocking journey.

PROCESSIONAL MUSIC

Provided by the Alaska Kuteeyaa Dancers, a local Tlingit dance group.
Permission to use the entrance song was given by Ruth Demmert of Kake,
Alaska, caretaker of the song.

CEREMONIAL MACE

Originally a weapon used in medieval warfare by a king or great noble, the mace has become a symbol used on ceremonial occasions. As an academic device, the mace goes back to 16th-century England, when Queen Elizabeth I presented a replica of her own royal mace to the corporation of the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. Since that time, it has increasingly become the custom for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The Evergreen State College mace is a gift from the late Byron Youtz, former Academic Vice President and Provost, who donated the materials, and Faculty Member Emeritus Earle McNeil, who gave his time and talent to its creation.

The shape of the cap is suggestive of a crown and represents the principle of knowledge and experience. To remind us that such an integration is a carefully balanced blend of diverse aspects of human nature, there are four inlaid circles symbolizing four major ways of experiencing the world—thinking, feeling, intuiting and sensing—and four main characteristics of the human mind—wisdom, innocence, introspection and illumination.

THE COLLEGE MEDALLION

Medallions are traditionally worn by presidents and chancellors at ceremonial occasions. The medallion designed for Charles McCann for his inauguration in 1972 was given by Dr. McCann to the Library Archives.

The college's second medallion (which President Purce wears today) was designed in September 1994 by Spokane artist Joyce Attwood. It is fabricated of moonstone (from Nepal), paua shell (from New Zealand), turquoise, silver, copper, brass, gold and acrylic and is suspended on a 30-inch chain (from Thailand). The medallion design shows an evergreen tree with Mount Rainier and the sea in the background. It is an interpretation of the Evergreen logo, designed in 1973 by Connie Hubbard, the college's first graphic artist. In 1983, the Board of Trustees approved the "tree" as the official college emblem and it was registered with the Secretary of State as Evergreen's logo.

ACADEMIC COSTUMES

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar, whether student or teacher, was the dress of a cleric. Long gowns and hoods were worn and may have been necessary for warmth in unheated buildings. Today, many institutions choose distinctively colored gowns. The design of the sleeve indicates the level of the degree earned by the wearer. Hoods have both the colors of the institution and a band indicating the academic discipline in which the degree was earned.

This Commencement Ceremony is dedicated to the
lasting memory of Frederick T. Haley, 1912-2005

GEODUC FIGHT SONG

1. Go, Geoducs go,
Through the mud and the sand,
let's go.
Siphon high, squirt it out,
swivel all about,
let it all hang out.
2. Go, Geoducs go,
Stretch your neck when the tide
is low,
Siphon high, squirt it out,
swivel all about,
let it all hang out.
