President's Report

President Purce invited Trevor Kinahan to report as the Geoduck Student Union (GSU) Representative to the Board of Trustees. Mr. Kinahan said that the GSU had been involved in developing a campus smoking cessation program and held a successful town hall meeting. Following the riot on campus on February 15, the GSU worked with the administration to organize community forums. The GSU appointed students to participate in the campus review of event policies and procedures, and worked with student groups (such as the Greeners for Truth and Reconciliation) to encourage dialogue and solutions for creating community. Mr. Kinahan said that students were concerned that the damages paid to the County Sheriff's office would negatively affect the college's academic program. He also reported that the GSU was frustrated in working with Facilities to respond to student concerns about ADA access on campus, especially through construction areas.

President Purce invited Angel Cruz to report as the Alumni Representative to the Board of Trustees. Mr. Cruz described recent activities, including work to establish an Alumni Association chapter in Portland, which led to a general clarification of the relationship between the Alumni Association and the college.

President Purce described the campus climate and community response to the February 15 riot, and summarized recent and upcoming activities on his calendar.

Public Comment

Ms. Proffitt invited public comment. There was none. The meeting adjourned at 4:25 p.m.
