There's still time to enroll for Summer Quarter programs at The Evergreen State College. Evergreen Academic Dean Charles Teske says registration for more than 20 academic programs will be reopened from 8 a.m. to 4:30 p.m. June 28, the first day of the quarter.

Evergreen's 1976 summer program offers 20 group contracts, usually involving one faculty member and approximately 20 students in each, and one coordinated studies program taught by two instructors for up to 40 students. In addition, some 18 faculty members have been assigned to offer individualized instruction in a variety of subject areas ranging from business, education and economics to literature, psychology and visual and performing arts.

Summer programs vary in length from ten weeks to three and a half weeks, but all of them begin June 28. Dr. Teske says programs generate from one to four units of Evergreen credit (equivalent to four quarter hours), depending on the length and type of programs students select.

Offerings for Summer 1976 include: Intensive Russian Language Studies, Basic Mathematics and Computer Science, "Bring Her Back Alive: Herstory Out of the Books Onto the Stage," Ceramics, Elements of Design, The Epic, Field and Laboratory Studies in Animal Behavior, "First Things First," "The Image of Ethnic Minorities in Contemporary Drama," "Medieval and Renaissance Museums and Monuments: Travels in Europe," Natural History of Washington's Marine Coasts, Organic Gardening, An Overview of American Folk Music, "Squash-blossom II," Theatre Performance and the Senior Citizen, Undergraduate Major in Psychology, "Viva La Revolucion," Women in Management, "Words, Images and Magic," and "Writing-Places."

Complete information on Evergreen's summer programs is available at the Registrar's Office, 866-6180.
