SUBJECT: Scholarship Development

I would like to invite all interested people to attend a meeting December 8 at noon in Library 3205 to discuss Third World scholarship development. We currently have one Third World scholarship fund through the Development Office in the name of Mary Ellen Lewis. We have raised approximately \$500 for that through our T-shirt sales. However, that is a far cry from what is needed by today's student. With tuition going up and financial assistance going down, we need to look at alternate ways of attracting and supporting new Third World students.

I have talked to Sue Washburn with the Development Office and she indicates that we might be able to use part of the money in the fund as seed money. If we can work out this detail we need to decide what activities can be done to raise more money for scholarships. I can't do this alone; your ideas and support are needed.

Please come if you can. If you can't make it and are interested, please call me at 866-6034.
