HAPPENINGS..... OR, WHAT DA SCOOP FROM THE THIRD WORLD COALITION.

HOWZIT? from April

I would like to take this time to welcome everyone back on campus, and to catch you up on the latest.

For those who are not familiar with what is available for Third World students, I will briefly outline the structure. We have an Educational Support Program (ESP) on campus; Ernest (Stone) Thomas is the Director in Library 3237. Umbrellaed under that is UPWARD BOUND, LEARNING RESOURCE CENTER and THIRD WORLD COALITION.

UPWARD BOUND

Tomas Ybarra, Library 3409, is Director. Upward Bound is designed to increase the basic skills level of high school students via college student tutors and offer college preparedness.

LEARNING RESOURCE CENTER

Stella Jordan, Library 3401, coordinates the Learning Resource Center, designed to serve TESC students in increasing their reading, writing, and math skills.

THIRD WORLD COALITION

April Yamashiro West, Library 3233, is Coordinator. The Third World Coalition is designed to ensure the equal opportunity of Third World students to the resources offered on campus. This office offers the Third World student additional leverage oftentimes needed in dealing with the bureaucracy inherent throughout the institution. IF YOU HAVE ANY QUESTIONS OR NEED ASSISTANCE IN ANY OF THESE AREAS, PLEASE DROP BY.

ITEMS OF SPECIAL INTEREST:

The Third World Coalition Advisory Board, in its formative stages, met October 31, and the following is a capsule of what transpired.

REPRESENTATIVES:

One representative came from Ujamma, (Donna Hayes) one from the Asian Coalition, (Jahari Jones) and one from MECHA (Sue Ybarra). Each group as well as NASA (Native American Student Association) have offices near the Coalition on the third floor of the library. Students, staff and faculty are needed to be a part of the Advisory Board. A special appeal is sent out to the Third World faculty and staff for consideration. We need at least two representatives from each group, and would like to achieve a balance of students, faculty and staff. The Advisory Board serves in the capacity of a sounding board for the Coalition Coordinator and helps in the decision making process as needed. A set meeting time has not been assigned until things are jelled.

WORKSHOPS

The Advisory Board addressed the idea of providing educational workshops for Third World students on an ongoing basis, such as grantwriting, to empower us with the knowledge of how to obtain the money necessary for special projects. Another idea was along the vein of cultural workshops, perhaps over a weekend, to include instruction in the areas of dance, music, theatre, etc.

SEMINARS

Another issue of importance, was the feeling that Third World students especially needed to make contact with the people in power here, i.e. Dan Evans, the Vice Presidents, Deans, etc. Check them out, ask them questions, hear them speak; learn the bureaucratic process and

SEMINARS (cont.)

maintain the necessary contacts needed to ease the life of an educational career at TESC.

MEET WITH DAN EVANS:

Along these lines, we have set up a meeting with Dan Evans, December 8, noon to one, "brown bag" in CAB 108. He has been asked to address Affirmative Action for ten minutes, and be open for questions from you! PLEASE COME AND MEET HIM, BE PREPARED TO ASK QUESTIONS. Remember he has discretionary funds at his disposal for student projects; you should feel him out in that area too. DON'T FORGET, DECEMBER 8, YOU HAVE PLENTY OF TIME TO REARRANGE YOUR SCHEDULE IF NECESSARY. LET'S SHOW HIM A UNITED FRONT.

FUN THINGS TO DO:

THIRD WORLD COMMUNITY POTLUCK

The Third World community, faculty, staff and students are invited to a potluck lunch reception, November 22, CAB 110. This is the opportunity to introduce all of ourselves to each other and meet all the newly hired staff within Educational Support Programs. The President, Vice Presidents and Deans are also extended this invitation. It will be informal and all Third World students, faculty and staff are urged to come and enjoy.

SHORT EYES:

The play, SHORT EYES, is being shown at the Ethnic Cultural Center, 3940 Brooklyn N.E. in Seattle, October 26-November 18, 8:00 p.m. Thursday, Friday, and Saturday. The admission price for students is \$2.00. The play has attained national acclaim and is a story revolving around Black and Puerto Rican brothers within the realm of penal institutions and justice.
