

THE EVERGREEN STATE COLLEGE

Calendar-Newsletter

November 18, 1969

Volume 1, Number 1

NEWS NOTES

This is the first of what will be a monthly series of calendar-newsletters designed to keep college staff members abreast of developments at our fast-growing institution. The calendar-newsletter will be published on or around the first of each month (we're obviously a wee bit late this time). Your cooperation is needed to make the project a success. Information forms will be distributed about one week prior to each publication. Please fill out the form sent to you and return it to the Information Services Office immediately. Include anything you think might be of interest to your fellow staff members. We hope by circulating the calendar-newsletter that we'll all have a better idea about what the other guy is doing and have a chance to see the exciting Evergreen story unfold in a more comprehensive manner.

Executive Vice President E. J. Shoben, Jr., has been elected to the Board of Directors of the American Psychology and Law Society. He also has been named as a consultant for the Johns Hopkins College Drug Study, supervised by Peter Rossi for the National Institute of Mental Health, and will be a featured speaker during the January meeting of the Association of American Colleges in Houston, Texas.

Dean of Library Services Jim Holly has been elected to a three-year term as a member of the American Library Association Council, a group representing academic libraries. (We understand there's a bit of political in-fighting associated with Jim's election, which we'll let him explain to those interested.)

This item falls in the category of inclusion by whim of the editor: Director of Information Services, Dick Nichols, has been elected to a four-year term on the Tumwater City Council, scoring a nearly unanimous decision over no one. He was sworn in this week and expects to be sworn at for some time to come.

CALENDAR OF EVENTS
(November 18-December 1)
