## WORKSHOP FOR PROSPECTIVE SMALL BUSINESS OWNERS/MANAGERS

A free one-day workshop for people interested in starting or operating a successful small business of their own will be co-sponsored by the Small Business Administration and The Evergreen State College on March 19, 1974 from 9:15 a.m. to 3:30 p.m. The workshop will be held in Lecture Hall One.

According to Robert F. Caldwell, District Director, the primary purpose of this program is to give an understanding of the basic requirements and considerations necessary in starting and managing one's own business. In addition, sources of information, assistance and counsel will be suggested.

To insure ample opportunity for discussion of individual problems, attendance at this workshop will be limited to a first-come, first-serve basis.

Additional details and registration may be obtained by calling the Seattle District Office, Small Business Administration, 710 Second Avenue, Seattle, WA - phone 442-4436 or The Evergreen State College, phone 866-6205.

Dick Nichols, Director  
Information Services
